

Arizona Public Service - APS

October 19 at 10:46 AM · 🌐

The work we do to keep the power on is challenging, as you can see here, but APS crews are always up to safely deliver reliable power to our customers. And while this looks risky, safety comes first and this lineman is following all proper safety protocols to get the job done.

A Virtual Energy Checkup, is that even possible? Sure is. Use your smart device to give an energy advisor a tour of your home. Along the way, you'll receive recommendations on where you can save energy and money. Since it's your home, the recommendations are customized for you. It gets better. Our Virtual Energy Checkup is free. Schedule yours today at <https://www.apsvirtualsolutions.com/>.
