About

WHAT I DO: I help faith-based nonprofits make a bigger impact by transforming your finances into an efficient, easy-to-understand analytics machine. I turn data into insights that help nonprofits raise funds, nurture donor relationships, showcase results, and minimize risk. This saves you time and energy so you can focus on your passion and put every single cent to work for your mission!

WHAT MAKES ME UNIQUE: I've been deeply involved in faith-based missions and communities my whole life. So when I realized my nonprofit connections had a BIG need for my 15+ years of financial and data expertise, I was thrilled to customize my services to their unique needs and solve their money headaches, turning all those messy and confusing spreadsheets into a clear story of their mission at work so they can make confident decisions and manage their funds.

WHO I WORK WITH: I've helped nonprofits including:

- ✝️ Derek Prince Ministries
- 🌱 Christian Fundraising Consulting
- 🌟 Transform Iran

- 📊 Microsoft PowerBI for Nonprofits
- 📊 Financial and Activity Modelling
- 🛡️ Risk Management
- 📊 Results Reporting

🗣️ WHAT OTHERS SAY:

"Before Andrew, it was always a challenge to produce reports and manage accounts in a format we liked - we were limited by the standard templates available and they didn't provide ultimately what we needed to see... but with Andrews services we're able to specify the key information we needed to see in the reports and he was able to provide exactly that... and for our international services he was able to pull everything into one place and make it easy for us to see the worldwide picture of everything we're doing at a glance." - Neil Cornick, UK Director - Derek Prince Ministries

"When Andrew helped us we were able to develop a proper series of automated monthly reports to inform our trustees of our progress... plus he's shown us greater insights into how those funds are used and made these reports so much more accessible and informative. And this system he's put into place also gives us options and opportunities to expand and manage what's going on for our international branches and as we grow in the future." - Simon Baynham, International Projects Director and Treasurer - Transform Iran

Networking 📁 Relationship Building 🤝 Business Development 📁
for Entrepreneurs and Business Leaders at Small- to Mid-Sized
Businesses

About

WHAT I DO: I build authentic relationships through my professionally facilitated business development networking groups that provide superior resources & solid business introductions.

WHO I WORK WITH: I partner with small to mid-sized business owners and entrepreneurs looking to make connections, foster relationships & increase sales. Our members come from a variety of fields, not limited to but including:

- 💡 Mergers & Acquisitions
- 👤 Lawyers
- 🏠 Realtors
- 🏗️ Architects
- 📁 HR Consultants
- 👮 Security Guards
- 🏦 Mortgage Bankers
- 👤 Divorce Mediators
- 👷 Electricians
- 🚚 Moving and Storage
- 🏥 Medical-related Services
- 🏭 Manufacturing

WHAT MAKES ME UNIQUE: I've been involved in business development since 1988, but networking and leading business development communities is in my DNA. My grandmother, Sadie Opatowsky, developed the first successful network for women in Lower Manhattan on July 3, 1924.

I am a business matchmaker helping members connect in meaningful ways. American Business Associates is focused on building business relationships, not transactions.

Because of the array of experienced business owners in various industries who bring their skills, expertise and experience to our professionally facilitated groups, we like to say, "You can get your MBA at ABA." ABA is unique in that group members stay, on average, up to five years; some have been members for 30+ years.

ABA Groups are carefully curated and are hosted by experienced group facilitators that bring years (often decades!) of experience to the members. The facilitators help maximize the value of the networking & introductions at the meetings.

WHAT OTHERS SAY:

"Our ABA group is fantastic. I received two almost immediate responses. The two came highly recommended and I was able to pass those along. It also gave me an opportunity to set up a one to one meeting. I'm delighted at how fast people responded, especially since I am brand new. My sincere thanks to the ABA members!" - Tammy Severino of Girl Scouts of Suffolk County

"I couldn't be more grateful to have found ABA when I did. It has elevated my career, purpose and view of how relationships should be, in a perfect world. I don't know where I would be (personally as well as professionally) without ABA. Thank you for everything!!" - Benjamin Markan of Remco Agency
